## Imperialism Poster Project

**Directions:** Using what we learned about in class over the past week, **create your own Political Cartoon or Poster** to reflect the **ideas, or problems, or causes, or effects of imperialism.**

Remember to think about the typical categories for portraying imperialism in propaganda that we talked about and have seen. **Imperialists are seen as conquerors, and the people in the countries they have conquered are seen as uncivilized, animals, predators, and as curiosities** when creating your poster or cartoon.

### Poster Criteria:

1. You must incorporate at least **one (1) of these characteristics** into your poster or political cartoon.
2. Be colorful and creative

In addition to your poster or cartoon you must include a **written 1-2 paragraph summary.**

### Summary Criteria:

1. Describes what your illustration shows
2. Explains what groups are represented
3. Explain how you think those groups might have reacted to it during the time period to your creation.

Remember this is not an art contest! Your drawing skills will NOT be graded but your effort is certainly appreciated!

**Be Creative and Good Luck!**
