## Turning Points in Global History – Research Project

Historians ask these questions when exploring events in history.

1. Use as many resources as necessary (Textbook, Regents Review Book, Internet, Classroom Wiki, etc.)
2. You will use one (1) chart for each event. You may use additional lined paper as needed. Indicate what category you are detailing if using lined paper. Ex. Who, What, Where, When, Why, Result.
3. You may ask to take a text book home (signed for & responsible for return)

The following is a description of the pieces of your chart.

**Who** – Who were the main participants (people) in the event?

**Where** – Where did the event take place? (may be more than one place)

**When** – When did the event take place? (maybe more than one date or year or between two dates/centuries)

**What** – What happened and what was it? (explain in detail)

**Why** – Why did this event happen? Causes?

**Result** – What were the Results or Outcome of the event?

The following events will need one (1) chart for each. You may complete them in any order. One word answers and incomplete sentences are not acceptable.

<b>The Neolithic Revolution</b>	<b>The Fall of the Roman Empire</b>	<b>The Crusades</b>	<b>The Renaissance</b>
<b>The Protestant Reformation</b>	<b>The Age of Absolutism</b>	<b>The Age of Exploration</b>	<b>The Commercial Revolution</b>
<b>The Age of Enlightenment</b>	<b>The French Revolution</b>	<b>The Unification of Germany</b>	<b>The War on Terrorism</b>
<b>World War I</b>	<b>World War II</b>	<b>The Cold War</b>	<b>The Fall of the Soviet Union</b>
