

Document #5

They goe all naked save
their privities, yet in coole weather they
weare deare skinns, with the
hayre on loose: some have leather
stockings vp to their twistes, & sandalls
on their feet, their hayre is black
generally, which they weare long on the
left side, tyed vp on a knott, about
which knott the kings and best among
them have a kind of Coronett of deares
hayre coloured redd, some have chaines
of long linckt copper about their
neckes and some chaines of pearle, the
common sort stick long fethers in this
knott, I found not a grey eye among
them all. their

They goe all naked save their privities, yet in coole weather they weare deare skinns, with the hayre on loose: some have leather stockings vp to their twistes, & sandalls on their feet, their hayre is black generally, which they weare long on the left side, tyed vp on a knott, about which knott the kings and best among them have a kind of Coronett of deares hayre coloured redd, some have chaines of long linckt copper about their neckes and some chaines of pearle, the common sort stick long fethers in this knott, I found not a grey eye among them all. their

skynn is tawny not so borne, but with
dying and paynting them selues, in
which they delight greatly. The women
are like the men, onely this difference;
their hayre groweth long al over their
heads save clipt - somewhat short afore,
these do all the labour and the men
hunt and goe at their plesure.
